PROVISIONS OF WARRANTY EXTENSION

Upon receipt and acceptance of this registration, Ford will extend the normal vehicle warranty on passenger cars and light trucks designated by it as eligible service vehicles, upon sale to the first retail purchaser. The eligible service vehicle warranty extension will be up to a maximum of 12 months and 12,000 miles from the date of sale and mileage on the vehicle when sold to the first retail purchaser, but not to exceed a total accumulation of time or mileage beyond 24 months or 24,000 miles, whichever occurs first, from first use as a designated eligible service vehicle. To be eligible the vehicle must be recorded with Ford as a designated eligible service vehicle at the time it is placed in such service. The coverage under this warranty extension is the same as set forth in the appropriate vehicle model year Warranty Facts Booklet. The 90-day service adjustments specified in the Warranty Facts Booklet for certain model vehicles are not extended beyond 90 days from the date of first use as a designated eligible service vehicle.

To register for this Eligible Service Vehicle Optional Warranty Extension, the dealership must complete the information requested on this form and mail it to Ford (address shown below) within 20 days from date of vehicle retail sale. After the registration is received and accepted by Ford, the purchaser will receive a Special Vehicle Warranty Card that will indicate the expiration date and mileage of the Optional Warranty Extension. The purchaser's receipt of registration (copy no. 2) should be given to the purchaser to be retained in the vehicle as proof of registration.
