Dear Mr. Sommer,

Enclosed, please find the build card and the Build Record Certificate for your 1966 Plymouth Satellite, received on September 13, 2013.

Unfortunately, we cannot reprint build cards any differently. The build cards were put on microfilm many years before they arrived to the archives. We cannot make the build cards any larger or clearer, than what has been provided to you. I apologize for the inconvenience this may have caused you.

If you have any further questions, please let me know. Thank you for your order.

Regards,

A handwritten signature in black ink, appearing to read "Danielle Szostak-Viers".
